

St Werburghs Park Nursery School Newsletter Term 4 March 2026

It has been great to have such good weather this term which has meant lots of playing outside in the garden. We have been going on bugs hunts, creating new obstacles courses with the blocks. We have begun to start planting in our allotment and hope to have some yummy things to eat soon!

We have also celebrated World book day; it was great to see lots of children dressed up as their favourite characters. We also had a visit from Year 3 children from St Werburgh's Primary school; they came and read books to our children in the nursery.

Thank you for all who came to our Eid Party! It was lovely to see so many of you singing and coming together to celebrate with us.

We are looking forward to welcoming some new children and families to Nursery after the Easter break
Best wishes, Nicky

Just a reminder that we are a nut free school. Please ensure there are no nut products in your child's lunchbox.
Thanks

Children going to school will receive details about their school place on 16th April. **You must accept or appeal the place by 30th April.** Please let your keyworker know which school they will be attending

Term 5

Yellow room are fully embracing the spring season and nature by reading the core books 'Nature Trail' by Benjamin Zephinah and 'The very hungry caterpillar' by Eric Carle.

Orange room are starting off the term exploring the core book – and then will be joining Yellow room to explore 'The Very Hungry Caterpillar' We will be welcoming some new creepy crawly friends and watch them turn into butterflies, ready to release them in the garden.

Our Allotment

The children have been super busy in the allotment, preparing the soil for the vegetables and herbs to be planted. We have begun to plant some potatoes, and the children are caring for them, learning about how to help them grow. If you have any spare seeds or children's gardening tools, we would gladly use them! We would like to grow lots of different things!
